**Resource Person:** Mr.Sannir Kittur, Simran Tigyani and Mr. Akshay Khandekar

**Participants:** 51

**Duration:** 31/07/2023 to 17/08/2023

#### **Summary**

The Department of Computer Science and Engineering at Ashokrao Mane Group of Institutions, Vathar, organized a focused Aptitude Training program from 31st July 2023 to 17th August 2023. The program, conducted in collaboration with AptTech, featured Mr.Sannir Kittur as the resource person. The training aimed to enhance the aptitude skills of 25 B-Tech E&TC students, preparing them for competitive exams, campus placements, and career advancement opportunities.

#### **Objectives**

1. To develop logical reasoning, quantitative aptitude, and verbal ability among students.
2. To familiarize students with various aptitude-related problem-solving techniques.
3. To prepare students for placement tests and competitive examinations.
4. To build confidence in tackling aptitude-based challenges effectively.

#### **Contents**

The training provided a comprehensive and practical approach to developing key skills essential for career growth and professional development. Starting with an introduction to aptitudes and problem-solving techniques, the course progresses to focus on critical thinking, logical reasoning, and advanced decision-making. Participants will learn effective problem-solving methodologies and gain hands-on experience in tackling real-world challenges through exercises and interactive activities. The course emphasizes logical and analytical thinking, building problem-solving abilities, and fostering a proactive mindset, equipping participants with the skills to approach complex problems with confidence and precision. Engaging and

**Training Report on  
'C' and 'C++' Programming Language Training**

**Date:** -24/08/2023

**Resource Person:** Mr.Chirag Raul

**Participants:** 30

**Duration:** 07/08/2023 to 23/08/2023

**Summary**

The Department of Computer Science and Engineering at Ashokrao Mane Group of Institutions, Vathar, successfully organized a training program on 'C' and 'C++' programming languages from **7th August 2023 to 23rd August 2023**. Conducted in collaboration with AptTech, the training was led by Mr.Chirag Raul, an experienced professional in programming and software development. A total of **30 students** from the Third-Year E&TC department participated enthusiastically, benefiting from the theoretical and practical aspects of the program.

**Objectives**

1. To provide students with a strong foundation in 'C' and 'C++' programming.
2. To improve students' problem-solving and algorithmic skills.
3. To familiarize students with object-oriented programming concepts.
4. To prepare students for technical interviews and industry practices.

**Content:**

1. Introduction to 'C' Programming;
2. Advanced Concepts in 'C':
3. Introduction to 'C++':
4. Hands-on Coding Practice;
5. Career Guidance:

### Outcomes:

- The 75 students who attended the program developed a solid understanding of 'C' and 'C++'.
- The hands-on exercises helped them enhance their programming skills and problem-solving abilities.

### Conclusion:

The training program on 'C' and 'C++' was a significant success, effectively enhancing the programming skills of 30 TY E&TC students. It provided a perfect blend of theoretical knowledge and practical application, helping students prepare for future challenges in academics and the software industry. The Department of Computer Science and Engineering is grateful to AptTech and Mr.Chirag Raul for their contributions to the program's success.

<b>Resource Person</b>	: Mr. Nikhil Nimbalkar and prof. S. A. Bhosale

### Summary

Department of Electronics and Telecommunication Engineering in association with Electronics Club and Shree ElectroArts, Jaisingpur. Organizes five days Hands-On Training on Arduino. Workshop started with Inauguration of program and Felicitation of Resource Person Mr. Nikhil Nimbalkar, Shree ElectroArts, Jaysingpur

### Objectives:

1. To understanding the Basics of Arduino:.
2. To practice Hands-On Learning:
3. To developing Programming Skills:
4. Project Implementation:
5. To understanding Real-World Applications:
6. Promoting Problem-Solving and Innovation:

### Contents:

1. Basics of Controllers
2. Basics of Programming
3. Basics of Arduino
4. Interfacing of Sensors
5. Hands-On Learning

## DEPARTMENT OF ELECTRONICS & TELECOMMUNICATION ENGINEERING

### Outcomes:

1. Participants learned how to effectively use the Arduino IDE for programming and uploading code.
2. Participants gained practical skills by building circuits, interfacing sensors, and working on real-world projects.
3. This hands-on experience helped them apply their learnings to solve real-world problems
4. The workshop demonstrated real-world applications of the Arduino, enabling participants to see its potential in fields like robotics, home automation, and IoT.
5. Participants began developing their own innovative solutions for specific challenges
6. With foundational knowledge and hands-on experience, participants gained the confidence to independently work on future projects.

### Conclusion:

The Arduino workshop provided participants with valuable hands-on experience and practical knowledge, equipping them with the skills necessary to work with Arduino technology in real-world applications. Through interactive learning, participants not only gained an understanding of the hardware and software components of Arduino but also developed the confidence to create and implement their own projects

### Expert Lecture on

### "Soft Skill Development and Professional Ethics"

- **Date:** 04<sup>th</sup> October 2023 at 12.30 pm.
- **Name of Resource Person:-** Prof. Satish Hajare (Incharge - Literacy Club, AMGOI)
- **Participants:-** 90

#### Summary

The expert lecture on "Soft Skill Development and Professional Ethics," delivered by Prof. Satish Hajare, emphasized the importance of soft skills such as communication, teamwork, adaptability, and time management. The session also addressed ethical challenges in the workplace, providing strategies for maintaining integrity and professionalism. The event fostered networking among participants and inspired a commitment to continuous learning and ethical conduct in professional life.

#### Objective

To enhance participants' understanding of essential soft skills and professional ethics, equipping them with the tools to navigate workplace challenges effectively while promoting personal and professional growth.

#### Contents

1. **Introduction to Soft Skills**
2. **Professional Ethics**
3. **Motivation for Personal Development**
4. **Interactive Opportunities**

#### Outcomes

1. Participants gained a deeper understanding of the importance of soft skills and ethical behavior in their careers.

## DEPARTMENT OF ELECTRONICS & TELECOMMUNICATION ENGINEERING

### Report on

### Workshop on IOT, AR and VR

**Date:** 09/05/2024

**Duration:** 30/04/2024 to 04/05/2024

**Participants:** 30

**Resource Persons:** Mr. Rahul Gupta

#### Summary

The 5-day training program focused on the integration of **Internet of Things (IoT)**, **Augmented Reality (AR)**, and **Virtual Reality (VR)** technologies, providing participants with hands-on experience and theoretical knowledge. The training covered IoT fundamentals, communication protocols, AR and VR development tools, and their applications in enhancing IoT systems. Participants were introduced to cutting-edge concepts and encouraged to develop innovative projects that integrate these technologies for real-world applications.

#### Objectives

1. To provide a comprehensive understanding of IoT, AR, and VR technologies and their integration.
2. To develop participants' technical skills in IoT hardware, software, and communication protocols.
3. To explore the role of AR and VR in enhancing IoT applications.
4. To inspire innovation through project-based learning and practical activities.
5. To enable participants to create AR/VR-enabled IoT systems with real-world relevance.

#### Contents

1. Introduction to IoT Basics
2. IoT Communication
3. Introduction to AR and VR
4. VR in IoT

## DEPARTMENT OF ELECTRONICS & TELECOMMUNICATION ENGINEERING

### 5. Project Work

#### Outcomes:

1. Participants gained hands-on experience with IoT devices, AR/VR development tools, and communication protocols.
2. Encouraged innovative thinking and problem-solving through project-based learning.
3. Learned to effectively integrate AR/VR applications with IoT platforms.
4. Developed a clear understanding of how AR and VR technologies can elevate IoT systems in diverse domains.
5. Final projects demonstrated practical applications, such as AR dashboards for IoT monitoring or VR-based training environments.
6. Inspired participants to explore advanced topics and pursue careers in emerging technologies.

#### Conclusion:

By integrating AR and VR technologies into IoT practical sessions, TY E&TC students can gain a deeper understanding of how these emerging technologies can enhance IoT applications. Practical hands-on experience will prepare them for future careers in IoT development and related fields.

### Training Report on

### Soft skill Training for Third Year Students

**Date:** 09/05/2024

**Duration:** 30/04/2024 to 04/05/2024

**Participants:** 30

**Resource Persons:** Dr.Satish Lakade Sir and Mr. Mohan Shinde

#### **Summary:**

This soft skills training program conducted by the Department of Training and Placement Cell (T&P Cell) for third-year E&TC students. The program aimed at equipping students with essential soft skills necessary for success in their professional careers. Dr.Lakade and Sir Shinde served as the resource persons for the program.

#### **Program Objectives:**

- Enhance students' communication skills, both written and verbal.
- Develop strong interpersonal and teamwork abilities.
- Foster critical thinking and problem-solving skills.
- Improve leadership potential and self-confidence.
- Equip students with effective interview and presentation skills.

#### **Program Content**

The training program likely consisted of a mix of theoretical and practical sessions.

- Theoretical sessions covered topics like communication styles, active listening, conflict resolution, teamwork dynamics, and time management.
- Practical sessions involved role-playing exercises, group discussions, case studies, presentations, and mock interviews.

**Department of Training & Placement Cell**

**Outcomes:**

- The program has a positive impact on the employability of participating students.
- Students are able to demonstrate improved communication, teamwork, and problem-solving skills.
- Increased confidence and leadership potential are also anticipated outcomes.

**Conclusion:**

The soft skills training program conducted by the T&P Cell was a valuable initiative in preparing third-year E&TC students for the professional world. By equipping students with essential soft skills, the program contributes to their overall career development and future success.
