The Institutional Strategic / Perspective Plan AY: 2023-24

The academic year 2023-24 focuses on strengthening academic, administrative, and infrastructural capabilities to enhance education quality, promote research and innovation, and foster holistic student development in line with national and global trends.

1. At the beginning of this academic year, the IQAC took steps to encourage and motivate students from every department to actively participate in student seminars, workshops, debates, quizzes, cultural competitions, and online certification courses, both within our Institute campus and in other Institutes also.
2. The IQAC and Institute authorities have decided to provide guidance to students in core engineering and IT sector to make them Industry ready Engineers.
3. At the start of the year, the IQAC encouraged faculty members to publish research papers in renowned Journals and Patents. Faculty development will be prioritized through organized FDP's, training programs, workshops and seminars to enhance teaching methodologies, research, and professional growth.
4. The Institution aims to apply for autonomy in 2024-25 to gain flexibility in academic program design, examination processes, and policy formulation, leading to improved governance and decision-making.

The Institutional Action Taken Report AY: 2023-24

The Internal Quality Assurance Cell (IQAC) has convened four meetings throughout the academic year 2023-24. In our inaugural meeting delineated comprehensive guidelines at fostering the holistic development of both students and faculty members within our steamed institution

1. The various approaches used by teachers inspired and motivated many students, resulting in 512 students completing add-on/value-added programs, 1321 students completing projects/internships and field training, and 1018 students benefiting from guidance for competitive examinations and career counseling. These achievements empowered students to break through barriers and move forward.
2. Total 245 students have been placed in the core engineering and IT sectors as a result of this initiative.
3. The faculty members have published 60 research papers through renowned Journals and also published 5 Patents.
4. To apply for autonomy initial efforts included, each department meticulously collecting the data under the supervision of criterion coordinators, who are compiling it alongside supporting evidence under the coordination of the IQAC office. The Affiliated Dr. Babasaheb Ambedkar Technological University, Lonere has given NOC to submit action upon. Accordingly Institute has submitted an Autonomous application form on UGC portal dated on 7th January, 2025.
