## Activity Report 2023-24

### Plastic Waste Management Awareness Program at AMGOI

- **Name of Activity:-**Plastic Waste Management Awareness Program at AMGOI.
- **Objective:-**The main objective of the program was to educate students on the environmental impact of plastic waste and the importance of its proper management. Also, to encourage students to adopt sustainable practices by reducing plastic usage and promoting recycling initiatives on campus.
- **Date and Time of Activity:-**Wednesday, 22<sup>nd</sup> April 2024 at 9.30am.
- **Name of Resource Person:-** E&Tc Student Representatives
- **Participants:-** SY class of all departments (151 students)
- **Details of Activity:-**The awareness program began with an introductory session on the detrimental effects of plastic waste on ecosystems, human health and biodiversity. The student speakers highlighted the various types of plastics, their non-biodegradable nature and the long-term consequences of improper disposal. Students were also briefed on the principles of the 3Rs (Reduce, Reuse, Recycle) and the significance of waste segregation for effective management. The session included a presentation on innovative alternatives to plastic and community-based waste reduction strategies. The program concluded with a discussion on the role of youth in driving environmental sustainability and a pledge to minimize plastic use.

**Activity Report 2023-24**

**Impact of Activity:-**

- Plastic awareness activities help educate students and the community about the negative environmental consequences of plastic pollution. This heightened awareness can lead to a change in behavior and habits when it comes to plastic usage.
- As people become more aware of the issues surrounding plastic pollution, they are likely to make more conscious choices to reduce their plastic consumption. This can result in decreased demand for single-use plastics and plastic packaging.
- Plastic awareness activities can encourage individuals to adopt more sustainable practices, such as using reusable bags, containers, and water bottles. These behavioral changes can have a significant positive impact on reducing plastic waste.
- Initiatives like clean-up drives and plastic-free campus campaigns contribute to a cleaner and more environmentally friendly campus environment. Reduced plastic waste and improved waste management practices lead to a visually appealing and healthier college campus.
- **Organizer:- Dept. of E&Tc Engg., AMGOL.**

## **TREE PLANTATION REPORT**

**Ashokrao Mane Group of Institutions, Vathar organised a tree planting event on 8th August, 2023.**

The students, along with the teachers, agreed to plant trees in the campus of Engineering and Medical College.

Tree plantation was started by auspicious hands of Prof. P. B. Ghewari sir, Dean academics. Sir explained about how planting trees helps to make the surroundings greener and how trees serve as homes to many birds and animals. Prof. J.M.Shinde, Dean students affair, underlined about how planting trees helps to regulate the temperature and absorb all the carbon dioxide from the air.

Prof. Dr. H.T. Jadhav, Director, AMGOI, Prof. P. B. Ghewari, Dean academics, Prof. J. M. Shinde, Dean Students affairs, Prof. Dr.H. V. Shete, Dean R&D, Prof. M. A. Sutar, HOD Mechanical Engineering guided for the same event.

Prof. A.K. Patil, MESA coordinator took efforts to conduct the activity. Prof. P. S.Ladgavkar, Prof. S. V. Dafade, Prof. A.G.Sanadi, Mr. Amol Kharkande was present for plantation.

Total 15 trees were planted and 25 students were present for this activity.

The activity was ended by learning a message of Everybody should at least plant one tree per year as it will help the world to fight against global warming.
