Sr. No.	Stakeholder	Feedback	Action Taken
1.	Faculty	Many faculties have recommended the inclusion of a software-based syllabus to better equip students with essential technical skills.	We have prepared and shared this suggestion with the Board of Studies (BoS) Members of the Department of Civil Engineering at DBATU, Lonere, recommending the inclusion of a software-based syllabus
2.	Students	Many students have suggested organizing industrial or field visits as part of the curriculum. These visits will provide valuable hands-on experience, offering students the opportunity to observe real-world applications of the concepts learned in class.	Our department has successfully arranged several industrial visits for students, providing them with valuable practical exposure. These visits include tours of diverse industries such as steel manufacturing plants, airports, water treatment facilities, and construction sites.
3.	Employer	Many employers have suggested that students be provided with training in new materials knowledge, soft skills, and advanced techniques.	Our department has actively provided students with valuable knowledge and training to enhance their skills. This includes visits to industry events such as the Dalan Expo, hands-on AutoCAD software training, aptitude development sessions, and expert talks from professionals in the field.
4.	Alumni	Many alumni have suggested the inclusion of soft skills training and competitive exam awareness sessions, as well as the arrangement of industrial or field visits.	Our department has successfully provided a variety of training and learning opportunities for students to enhance their skills and industry knowledge. These include hands-on AutoCAD and 3D Max software training, aptitude development sessions, expert talks from industry professionals, as well as field visits to key locations such as water treatment plants, dams, and construction sites.
